**12.6** Drivers causing two stoppages in a single event will be disqualified for event.

## 13. Flags

### 13.1 Green Flag

**13.1.1** The green flag will indicate the start or restart of an event. After the cars are lined up in the correct order, the (yellow) traffic lights will be turned off; this indicates the race will start on the next exit out of turn four. In the event of a false or poor start, the yellow caution light will come on as the leaders reach the backstretch. The start will then be reattempted.

**13.1.2** If one or both front row starters jump the start twice, they will be moved back a row for the next start.

**13.1.3** Any car(s) advancing positions before the start or before the cone on a restart will be penalized two positions for each position gained. Penalty will be assessed at the next race stoppage or end of the event.

**13.1.4** Restarts after one lap is completed will be single file in heats. No gapping or passing before the cone. If a car hits the cone, a two position penalty will be assessed on the next race stoppage or end of the event. A second infraction will result in disqualification.

## **13.2 White Flag**

**13.2.1** The white flag indicates one lap remaining in the event.

**13.2.2** Should the race be stopped on the last lap, the restart will consist of two laps at green, white and then checkered.

## **13.3 Black and White Checkered flag**

**13.3.1** A checkered flag will indicate the end of an event.

**13.3.2** If the leader receives the checkered flag and the race is stopped before all cars cross the finish line, the race will be scored complete. The cars crossing the finish line before the stoppage will be scored accordingly, the remaining cars will be scored as they had completed the previous lap. Cars involved in the stoppage will be scored last on their respective lap.

## **13.4 Yellow Flag**

**13.4.1** A yellow flag condition is considered a race stoppage. Cars will slow to a pre-race speed and maintain a single file line. Cars out of position will be advised by track officials where to line up.

**13.4.2** If a pace truck is on the track, no cars are allowed to pass it without permission. Violators will be sent to the rear of the field or disqualified.

**13.4.3** Cars entering the work area during a yellow flag condition, that complete the work before the race is ready to resume will be allowed to restart at the rear of the lineup. Lineup will be in the order they return to the track.

**13.4.4** Cars involved in the race stoppage that go to the work area will be given the time it takes the pace truck to complete two laps past the flagman to make repairs. The laps begin when the last car arrives in the work area. Lineup will be in the order they return to the track.

## 13.5 Red Flag

**13.5.1** A red flag condition is considered a race stoppage. Cars that blatantly drive past the crash scene will be penalized or disqualified.

**13.5.2** Cars stopping must stay off the inner apron and not block openings where emergency personnel or support vehicles respond from.

**13.5.3** Cars entering the work area during a red flag condition that complete the work before the race is ready to resume will be allowed to restart at the rear of the lineup. Lineup will be in the order they return to the track.

**13.5.4** Under red flag conditions: On a **“Closed Red, No crewmen or individuals are allowed on the track. Violation will result in a disqualification.”**

**13.5.5** On an **“Open Red”**, the crew may work on the car on the track. If a tire is changed, the car must restart at the rear of the line up in front of any cars that went to the work area.

**13.5.6** No fuel may be added on the track or with the driver in the car.

**13.5.7** If a car is involved in an accident, only emergency personnel and **two** crewmen are allowed at the car until the driver has vacated.

**13.5.8** Persons not directly involved with the car(s) involved in the accident must stay back. Violation of this will result in a fine.

**13.5.9** When the **“Clear the Track”** command is given, all personnel must leave the track in a timely manner. Violation of this will result in the car being penalized to the rear of the line up or disqualification.

## **13.6 Black Flag**

**13.6.1** If a driver receives a black flag during an event, driver must enter work area for explanation. If driver does not go to work area, he will not be scored past that point.

**13.6.2** Drivers that are black flagged for mechanical or safety reasons may return to the event once repairs are made and the track is open.

**13.6.3** If a driver is black flagged and stops to create an intentional yellow, driver is subject to a penalty or fine.

**13.6.4** A furled black flag will be a warning against on-track violations.

## **13.7 Re Entry**

No cars are allowed to enter the racing area after the track and / or pace truck caution lights are turned off.

These rules are intended to create an inexpensive class of racing that is equally competitive and fun. The rules set forth are a guideline to enforce the intentions of the class by track management. Any and all rule(s) may be altered, added or deleted at any time to ensure a safe and competitive level of competition.

**TRACK MANAGEMENT HAS THE FINAL SAY ON ALL DECISIONS.**

**ALL RULES WILL BE ENFORCED BY THE SPIRIT AND INTENT OF THE RULE!**

**Speedway management reserves the right to tech any car, at any time for any reason. If an owner and/or representative refuses a tech inspection, the racecar and team will be disqualified and may lose all points and incur a fine.**
